

II - SOLVE THE WHITE CORNERS

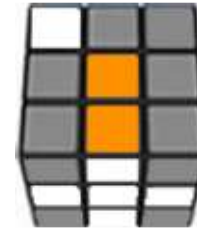

YOUR GOAL

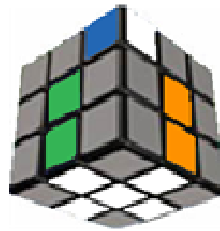

- 1.** Hold cube with the white cross on the bottom.

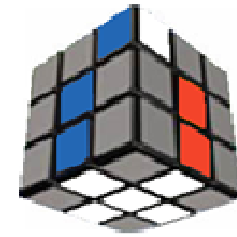

- 2.** Look for white corner pieces in the top row around the cube. These will be moved into position first.

- 3.** Look at the color on the other side of white corner piece. In this case, the other color is blue.

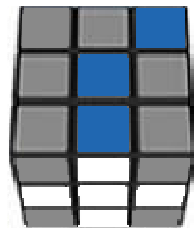

- 4.** Match up that second color with its center by turning the UP face until it is in the correct position.

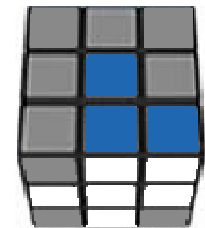

- 5.** Hold the cube so that the face of the second color is toward you.

- 6.** If the piece is on the right, like in this picture, do the following move.

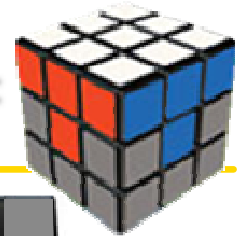

The white corner piece is now in the correct position.

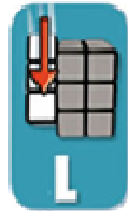

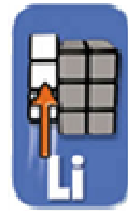

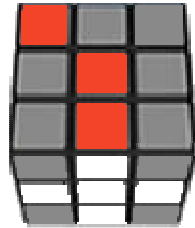

II - SOLVE THE WHITE CORNERS

(CONTINUED)

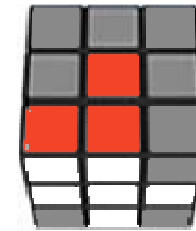

YOUR GOAL

If the piece is on the left, like in this picture, do the following move.

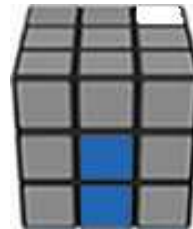

The white corner piece is now in the correct position.

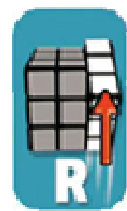

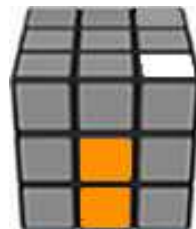

7. Repeat step 6 for all white corner pieces in the top row.

8. If a white corner piece is on the UP face of the cube, hold the cube so that the white corner is also on the FRONT face as shown.

9. If the piece is on the right, like in this picture, do the following move.

Now repeat steps 3-6 with this piece.

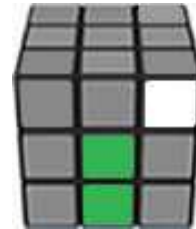

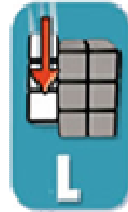

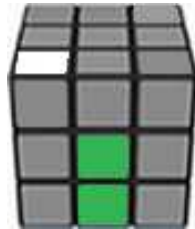

II - SOLVE THE WHITE CORNERS

(CONTINUED)

YOUR GOAL

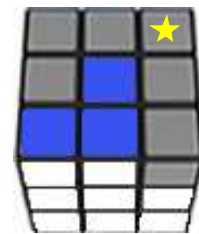

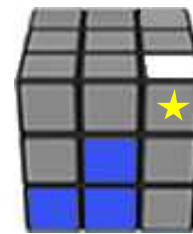

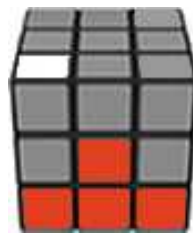

If the piece is on the left, like in this picture, do the following move.

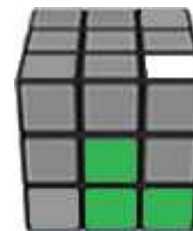

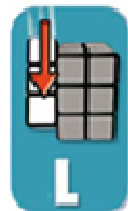

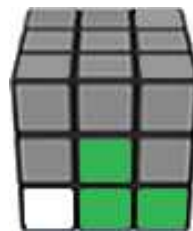

Now repeat steps 3-6 with this piece.

10. Repeat steps 2-9 until all of the white corners are in the correct positions.

If the last corner is on the UP face, you must put it above the empty spot on the DOWN face by moving the UP face. Then do step 9.

11. If a white corner piece is in the bottom row on the left, like in this picture, do the following move to get it to the UP face.

Now do steps 8-10 with this piece.

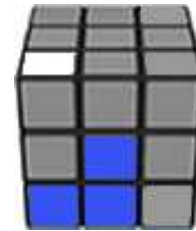

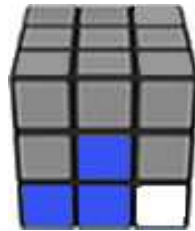

II - SOLVE THE WHITE CORNERS

(CONTINUED)

**YOUR
GOAL**

If a white corner piece is in the bottom row on the right, like in this picture, do the following move to get it to the UP face.

Now do steps 8-10 with this piece.

12. You have solved the white corners!

The entire white side is now complete and the bottom row pieces are all in the correct positions!
